

Exp.No.10-Monitoring Command Execution Activity Using System Logs and History in Kali Linux

Aim

To monitor and analyze commands executed by users by examining command history and system logs in Kali Linux.

Objective

- To understand command execution monitoring in Linux
- To view command history of users
- To detect suspicious or unauthorized command execution
- To analyze command logs for incident identification

```

(unknown@kali):~$ ls
Desktop  Documents  Downloads  failed_login_attempt.txt  False_Positive_Lab  FIM_LAB  hid  imran  IOCS  lesson1.txt  Music  one.txt  PHISHING  Pictures  Projects  Public  Templates  test1  test2  test.txt  Videos

(unknown@kali):~$ pwd
